

NATIONAL JOINT COUNCIL OF ACTION

4, State Entry Road New Delhi-110055

No.NJCA/2015

Dated: June 15, 2015

All the Members of the NJCA,

Dear Comrades,

Sub: National JCA Meeting held on 8th June

The National JCA, which met at the Staff Side Office on **8th June, 2015**, took note of the fact that quite a few states are yet to hold the State Level Conventions. The meeting also noted that the strike decision taken on **28th April, 2015** has not been percolated down to the rank and file of the workers. The meeting wanted the affiliate to realize that the denial of the demand for wage revision to be effective from 01.01.2014 and the consequent denial of interim relief and the benefit of merger of DA with Pay must be viewed very seriously as the said decision will have far reaching consequence. The Government would discard the age old practice of grant of I.R. and merger of DA forever. It has decided to appeal to all the affiliates to chalk out independent programmes of actions in the months to come and to carry out the same in all seriousness so that the employees become fully aware of the possible outcome of the 7th CPC. The Chairman and Convenor of the National JCA will get in touch with those States, where the convention has not been held so far. The meeting decided to convey to members that the minimum wage computation, in the given situation would be on an imaginary basis. The National JCA was of the opinion that a meeting of all office bearers of the participating organizations must be convened at Delhi somewhere in the month of July to chalk out programmes of action to be pursued by the CGEs together.

It was informed at the meeting that both Defence and Railways would be taking their strike ballot and would be concluded in the first week of October. The meeting, therefore, decided to advise the other units to chalk out programmes of action in July so that an ambience of struggle could be created. The NJCA also took note of the painful fact that despite assurances, Government was not convening the National Council and Departmental Councils and the JCM has been allowed to become defunct.

The National JCA in conclusion decided to appeal to all affiliates to take concrete steps to invigorate the joint movement of the Central Government employees and meet the challenge that is likely to arise on receipt of the recommendations of the 7th CPC by creating an atmosphere of Unity, and determination to carry out the call of indefinite strike action scheduled to commence on 23rd November, 2015..

With greetings,

Comradely yours,

(Shiva Gopal Mishra)
Secretary(Staff Side)

NC/JCM

&

Convener
